

Water Purifier

Model No.	NP-1000
Capacity	10L
Power	100W
Dimensions	200x300x400mm
Weight	5kg
Material	ABS
Color	Black
Warranty	1 Year
Country of Origin	India

ECOLOGICAL DECODER

A9Plus

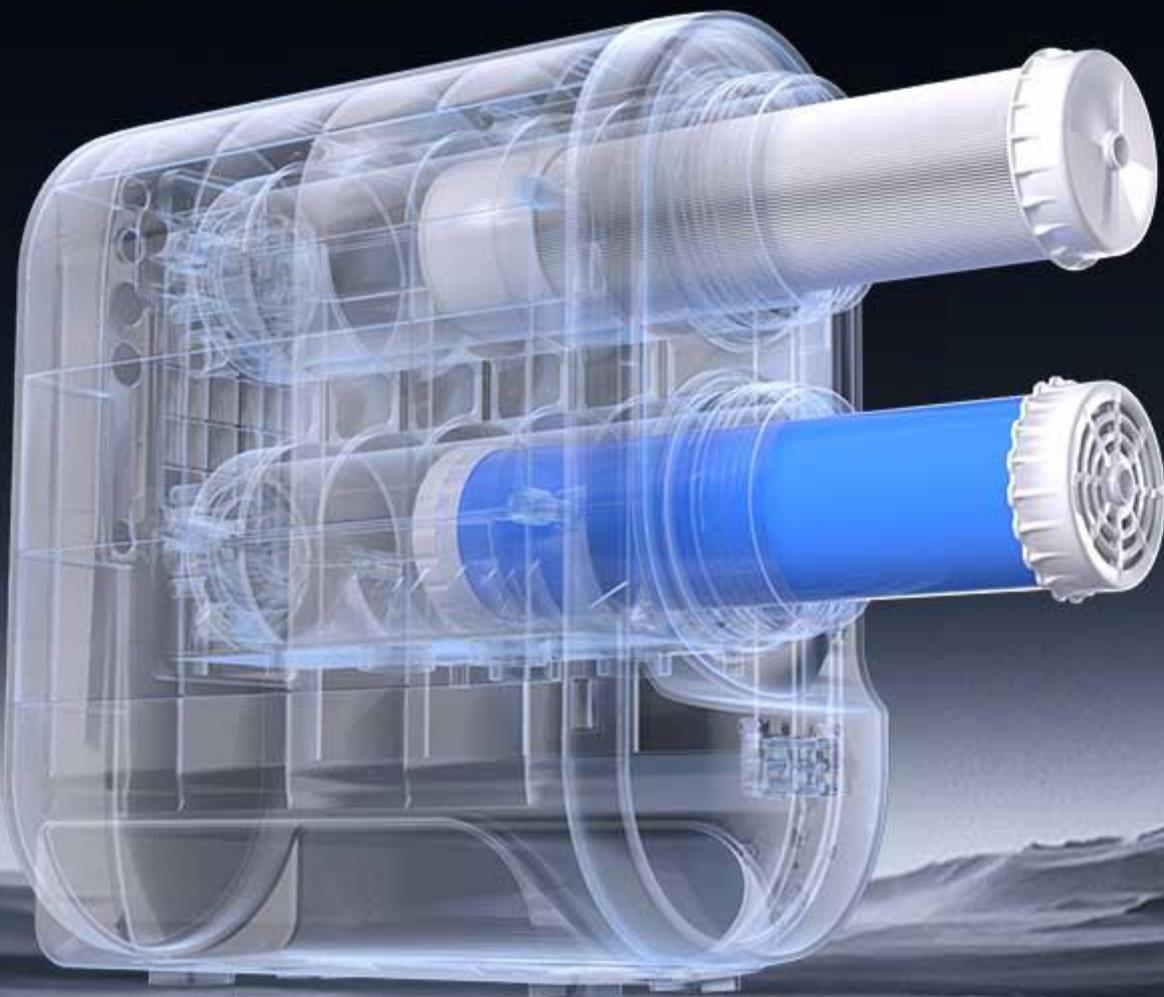

{ Open filter cartridge }

Save Consumables

Open Filter Cartridge

The outer cylinder and waterway board are cleverly integrated together, avoiding the need for disposable replacement and effectively reducing usage costs.

Open filter cartridge

Integration of outer cylinder and waterway plate with rear carbon in composite filter element for good taste and low cost of use

Ordinary filter cartridge

Single integrated post carbon in RO filter with poor taste and high cost of use

{ Food grade materials }

Healthy Choice

Zero Addition Of Color Powder

All components that come into contact with water are made of food grade raw materials, without the addition of color powder, truly achieving high standards.

NO BPA

High temperature
resistance

Free from toxic
substances

Pure Enjoyment

Natural coconut shell activated carbon

Imported coconut shell, high strength, not fragile, and resistant to washing

1200high-iodine

Imported coconut shell
activated carbon

High strength and non fragile

Adsorption speed is more
than 5 times faster

1000-1600m²/g specific surface area

Micro pore volume of about 90%

Ordinary loose charcoal

Excessive impurities

Low adsorption rate

Small specific surface
area

Removal rate

> 99.9%

> 99.9%

Arsenic removal rate

> 99.9%

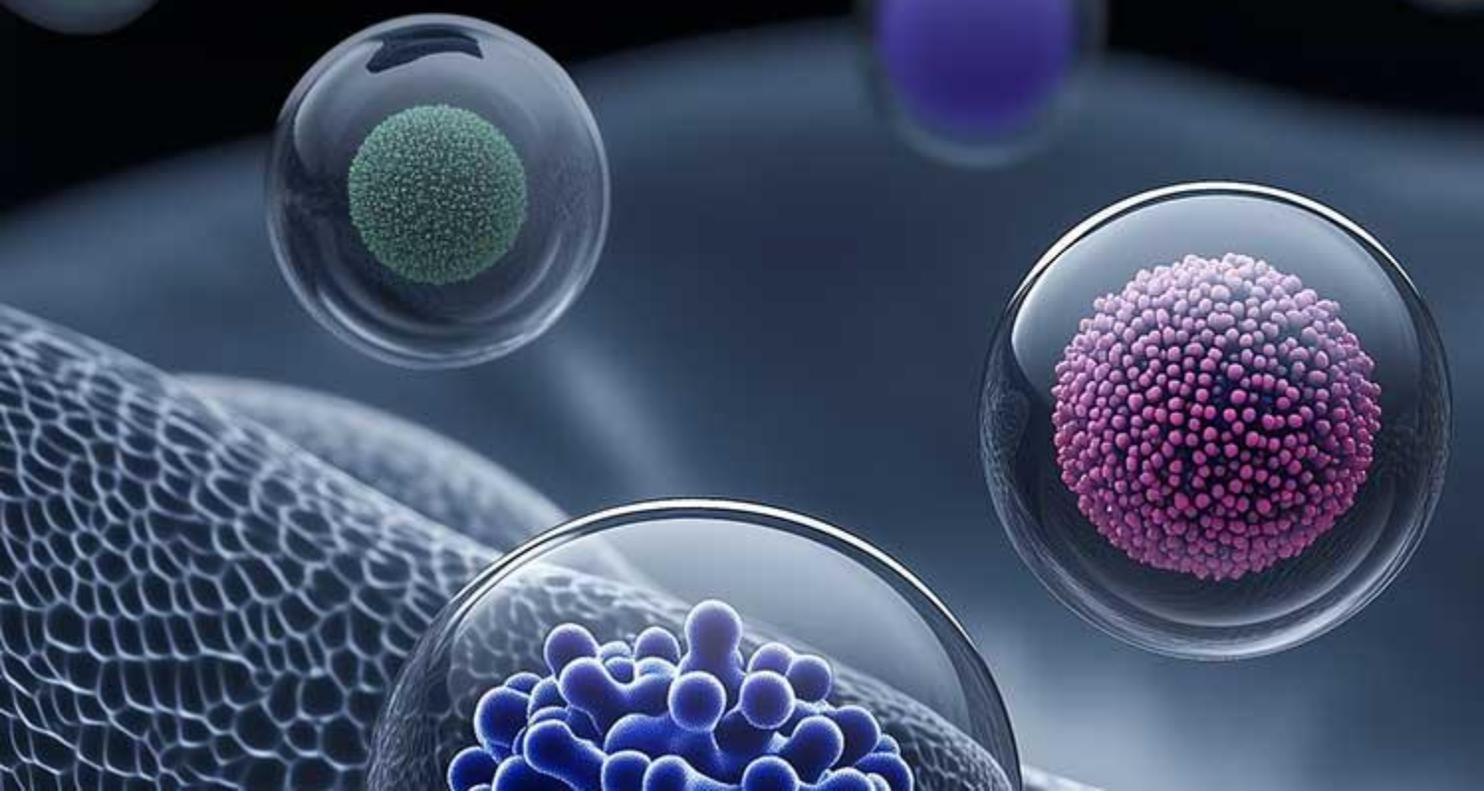

Lead removal rate

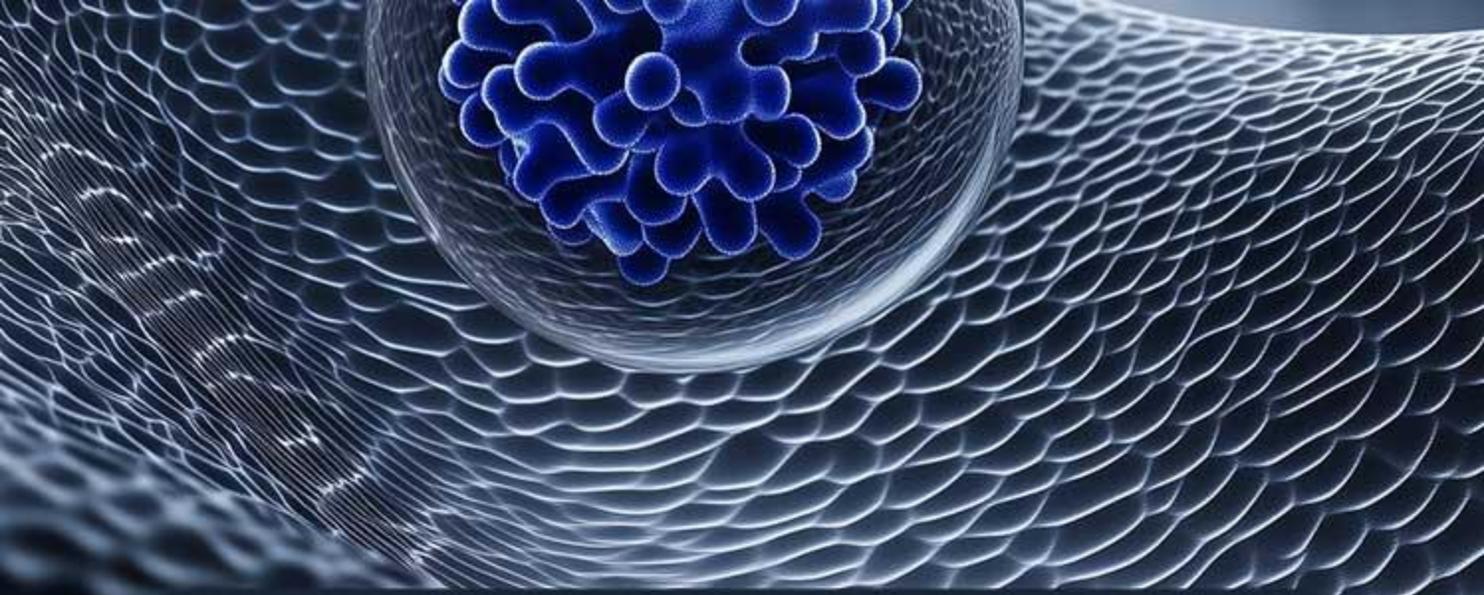

> 99.9%

Trichloromethane
removal rate

> 99.9%

Carbon tetrachloride
removal rate

Clear And Sweet

Residual chlorine
Removal rate **99.99%**

Note: The removal rates of harmful substances such as cadmium, chromium (hexavalent), fluoride, nitrate (calculated as N) are all higher than the required removal rates.

Testing Unit: Zhongke Testing Technology Services (Guangzhou) Co., Ltd

{ Smart Life }

**Extraordinary drinking
experience**

Intelligent Drinking Water

The machine design has a high degree of intelligence, with filter reminders and real-time monitoring of water quality, as well as visualized water use assurance.

Always ensure the cleanliness
of the filtration system

Don't forget the
replacement cycle

Continuous water
production protection

Always monitor the water
quality situation

Light tone water making

Adopting a brand new upgraded multi chamber bass pump, it is not only attractive in appearance.
